Help People... Restore Hope... Change Lives

www.hopemontana.org | 549-HOPE (4673)

Greetings to our great network of prayer warriors, generous donors, and fellow servants! My name is Jim Hicks and I am writing this communication as the newly selected Executive Director of Hope Rescue Mission.

My wife and I are transitioning from

equipping the saints in a formal pastoral position for four decades, to serving with the saints in the ripe mission field before us. It is both truly humbling and inspiring to embrace the task before us and to become acquainted with the great team around us.

A bit of philosophy of serving: Let us first look **together** and **focus** on **Jesus**. Then secondly, let's look together at the **mission** and **keep-in-step** with **His Holy Spirit** as this mission is from the heart of God.

My first days have been filled with learning this organization and enjoying getting to know this great team. I am reaching out to the pastors and churches of Missoula because we have a God-given opportunity to unite as one, not in a building or code of doctrine, as important as both are, but to unite with His heart to serve this city. Here is an outline: We need a purpose God can bless, we need people that God can use, we need problems that only God can solve, and finally we need the power God has given through His precious Holy Spirit.

In closing I would like to express thanks to the incredible vision of Don Evans and the forward movement he provided as the former executive director.

Looking to Jesus,
Jim Hicks
